Communities at Indian Haven

UPDATE on COVID-19

Dear Friends and Family,

Our community is diligently keeping abreast of all the changes and guidance regarding the Covid-19. Our residents and staff safety remain our top priority. We continue working with all the appropriate agencies on a daily basis, as necessary to keep abreast of the changes and guidance. At this time, there are no confirmed cases in our facility including staff members. As cases of this virus are confirmed throughout Pennsylvania and surrounding areas, we continue to monitor this closely and adjust our plans.

Our visitation is still restricted to only essential visits which are outlined below. We anticipate this will continue for the foreseeable future and will notify you with any updates or changes to this policy as soon as we are notified we can do something different with visitation. We appreciate your understanding and patience as we continue to navigate through this difficult time.

Essential Visits Include:

- o Immediate family/ Responsible party of residents who are at the end stage of life or have a critical or time sensitive condition.
- Family members in need of education to support a safe discharge. We do prefer to do this via a phone call or Skype means.
- Family members who need to complete medical or admission authorizations. We can also do this via alternate means, please call us to discuss your options.
- Hospice and other ancillary medical services will go through the same screening process as our employees and will be permitted to continue as essential if they pass the screening. We are working with these providers to limit their presence in the facility to only when they are absolutely necessary.
- The above situations are ESSENTIAL visits and will be permitted. These essential visits still require
 completion of our screening process that was implemented several days ago. For essential visits,
 you still must get screened at our front reception area.
- Please keep in mind that we do have revised essential visitation hours and those visits will need to be approved by management on a case by case basis. Those hours are: 9 AM to 4 PM.

We are encouraging and facilitating other ways that might be utilized to maintain contact with your loved one, such as telephone, email, text, FaceTime and videoconferencing, etc. We ask that you call in

to the facility and leave a message with your telephone number (Land Line or Cellular) so we can have your loved one call you back on a cellular telephone taken to their room.

We will continue to post updates routinely to our website and Facebook page. Thank you for your continued support and understanding as we navigate through these challenging times.

If you have any questions, please contact me at your convenience at 724-465-3900.

Thank you for allowing us the privilege of caring for your loved one.

Respectfully,

Kimberly Cobaugh RN,C., NHA Administrator
