**Dear Friends, Families, Residents and Caregivers,**

Our community has made great strides in recent months in recovering from the COVID-19 pandemic. We are committed to staying several steps ahead of the pandemic and continue to emphasize the measures that enabled us to reach this point: vaccinations, social distancing, mask-wearing, and surface and personal cleanliness.

Diamond Pharmacy has received and is administering the Jansen vaccine to all residents and staffs. This requires only one injection.

We are updating policies and procedures to reflect Centers for Disease Control (CDC) and DOH guidance and you may resume visiting your loved ones immediately by appointment including week-ends up to 7:00 PM. Please schedule at 724-465-3900. Visitors are asked to comply with our infection control protocols to maintain their safety and the safety of their loved ones and staff

Despite relaxed restrictions for visitation, we will continue routine testing and, in the event of any new positive results, modified visitation restrictions will be implemented and there will be immediate notifications of changes to visitation schedules. A copy was mailed and will be posted on the website.

**Sincerely,**
