

**November 5, 2021**

**Dear friends and families,**

Our visitation has been going great! The residents are so much happier. We had a Halloween party last week which they thoroughly enjoyed. Check out the photos on our face book page if you get a chance.

All previous screening, hand hygiene, mask wearing and social distancing remain in effect.

**Our current vaccine rate for residents is 94% for fully vaccinated; 97% of our staff have both vaccines; and, on November 22, 2021, 100% of staff will be fully vaccinated.**

We are following guidance from [\(CDC\)](#), [Department of Health \(DOH\)](#) and [CMS](#) as well as the latest [COVID-19 infection control guidance](#) with relation to its impact on our residents and visitors. We appreciate your understanding and cooperation with our masking and social distancing protocols for our facility. Our utmost priority is to protect the residents and staff and their families.

For information about vaccination rates at nursing homes, please refer to CMS's Care Compare site through [Medicare.gov](#). Learn about [vaccines near you](#) and the [CDC's fact sheet](#).

Learn more about vaccine facts vs. myths with a downloadable PDF, blog and video blog, which are linked from our website's COVID-19 page. Visitations are monitored and controlled based on the [CDC's county view data tracker](#).

Our Facility's Resident Impact (since the federal government issued reporting requirements on May 8, 2020, through October 22, 2021):

79	TOTAL DEATHS: Residents who died in the facility or another location
30	COVID-19 DEATHS: Residents with suspected or laboratory positive COVID-19 who died in the facility or another location.

We are very proud of our staff and resident vaccine rates. We continue to strive to keep our residents as safe as possible. Take care and be sure to contact us at any time with any questions.
